Sec. 1. That the Missouri, Kansas & Texas Railway Company, be and it is hereby authorized and empowered to construct, maintain and operate a switch or spur connecting with its switch or spur now running from its main track from near the eastern edge of Tenth street to the eastern edge of Eleventh street, at a point at or near the Western edge of Tenth street; thence along Jackson street and the property line to the western edge of the alley between Ninth and Tenth streets.

Before said Railway Company shall be authorized to construct said spur or switch it shall apply to the city engineer of Waco and obtain from him the proper grade of said street, and said track shall be constructed under the direction and supervision of the city engineer, and shall conform to the grade given by said engineer; and before said railway company shall be permitted to use said spur or switch, it shall place on each side of the rails of said track, where the same crosses or is laid in said Jackson and Tenth streets a piece of timber two or more inches thick and six or more inches in width, and shall fill in between the two rails and between the main track and the spur or switch so constructed, with stone and gravel, as directed by the city engineer, and grade Tenth street where said switch or spur crosses it, so as to make the surface of the street level with the top of the rails of said roads.
